Attachment 14

Federal Schedules

Purpose

This attachment is used to provide DOA with the Federal Schedules needed to prepare the statewide **Schedule of Expenditures of Federal Awards (SEFA)** for the Single Audit Report.

The Single Audit Report is required for compliance with the Single Audit Act Amendments of 1996 and OMB Circular A-133.

This attachment is similar to prior year Attachment 20.

Applicable agencies and requirements

All agencies must submit the Attachment file to DOA to certify **whether or not** the agency received or disbursed Federal funds in FY 2005. **Each agency must report its DUNS number as well as its EIN number on the Attachment file. This is a new requirement. DUNS number information is available at www.smallbusiness.dnb.com.** Contact Rob Meinhard at (804) 371-7807 or by E-mail at rob.meinhard@doa.virginia.gov if you have questions.

If the agency received or disbursed Federal funds in FY 2005, the agency is **REQUIRED TO USE** the templates in the files listed below.

- Template – used to prepare the applicable federal schedules
- Footnotes – used to prepare the applicable federal footnotes
- Reconciliation – used to reconcile the Schedule of Expenditures of Federal Awards to CARS and, if applicable, the financial statement template.

Exception: Legislative branch agencies only need to complete the Attachment file certifying whether or not the agency received or disbursed Federal funds in FY 2005. No additional information is required.

Federal Schedules

Federal schedules.xls template

The federal schedules.xls workbook includes five tabs with each tab representing a different federal schedule within the workbook. The tabs are located at the bottom of the screen. Clicking once on the desired tab will allow you to get to a specific federal schedule. An overview of the five tabs and what should be reported on each tab is discussed in the next section.

Note: The Other Assistance tab has been eliminated. Amounts related to unknown CFDA numbers were reported on this tab in prior years. Agencies are now required to report amounts related to unknown CFDA numbers on the appropriate tab(s).

Overview of federal schedules

All expenditures made from funds received directly from the Federal Government and federal expenditures/disbursements reported on all other tabs (except for the expenditures reported on the RECEIVED FROM NONSTATE tab) should be reported on the SEFA tab. **This distinction is made because expenditures reported on the RECEIVED FROM NONSTATE tab are classified as “Indirect” expenditures in the Statewide report and all other expenditures/disbursements are classified as “Direct” expenditures.**

Therefore, federal expenditures and/or disbursements reported on the SEFA tab plus the total federal expenditures and/or disbursements reported on the RECEIVED FROM NONSTATE tab should equal total federal expenditures for the agency. The individual tabs are discussed below:

1. RECEIVED FROM STATE tab – pass-through funds received from other state agencies/institutions should be reported on this tab. **ANY EXPENDITURE MADE FROM THESE FUNDS SHOULD BE INCLUDED ON THE SEFA TAB.**
2. RECEIVED FROM NONSTATE tab – pass-through funds received from Non-state entities (**See definition of Non-state entities on page 5**) and expenditures made from the funds received should be reported on this tab. **EXPENDITURE AMOUNTS REPORTED ON THE RECEIVED FROM NONSTATE TAB SHOULD NOT BE INCLUDED ON THE SEFA TAB. THIS IS A CHANGE FROM THE PRIOR YEAR.**

3. DISBURSED TO STATE tab – pass-through funds disbursed to other state agencies/institutions should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**
 4. DISBURSED TO NONSTATE tab – pass-through funds disbursed to non-state entities (See definition of Non-state entities on page 5) should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**
 5. SEFA tab – all expenditures/disbursements made by the agency/institution, **except for expenditures reported on the RECEIVED FROM NONSTATE tab**, should be included on this tab.
-

Important Items-General

- Use the **cash basis** of accounting.
 - The spreadsheets in the federal schedules.xls, recon.xls, and foot.xls files **are designed so that you only need to fill in the yellow highlighted cells.**
 - Enter **whole dollar amounts** in all files to prevent rounding errors.
 - If N/A appears in any cell you have keyed, you have entered invalid data and you should recheck what has been keyed.
-

Important Items-Federal schedules template

- If the CFDA number is entered and the incorrect Federal Program Name or Federal Program Grantor Name appears on any spreadsheet, **and you have verified the CFDA number is correct by checking the www.cfda.gov website**, please contact Penny Williams at (804) 225-3804 or E-mail at penny.williams@doa.virginia.gov for assistance.
 - Unknown CFDA numbers are those numbers where the Federal grantor is known but the CFDA number is unknown. You must include the first two digits of the CFDA number. (For example, 10.000 would be used if the Federal Grantor is the U.S. Department of Agriculture, but the CFDA number is unknown.)
 - **A column titled “Program Name - Unidentified CFDA Number” has been added to each tab in the Federal Schedules.xls file. Enter the program name (if known) in the new column if N/A appears in the program name column when the known and verified CFDA number is entered.**

Federal Schedules

Important Items-Federal schedules template (continued)

- Use “@” to indicate research and development (R & D) expenditures on any spreadsheet tab applicable. CFDA numbers that have **both** R & D expenditures and expenditures other than R & D should be listed on the appropriate tab two times: once **with** the “@” to identify the R & D expenditures, and once **without** the “@” to identify the expenditures other than R & D.
- Running totals are located on each spreadsheet tab.
- Do not use “-“(dashes) to represent \$0.00. You must use the number “0”.
- Do not leave blank rows between rows of information within the spreadsheets when keying in data.
- The Federal Government is **not** a **Non-state entity**. **Non-state entities** are counties, cities, towns, local governments, local governmental authorities, regional governmental authorities, public or private foundations, institutes, museums, and corporations or similar organizations which are not units of State government or political subdivisions of the Commonwealth as established by general law or special act. (**DO NOT** report disbursements to or receipts from the **Federal government** on the **Disbursed to Non-state Entities** and/or **Received from Non-state Entities** tabs.
- Pass-through disbursements to State or non-state entities should be reported as expenditures on the appropriate tab(s). **Do not eliminate any pass-through disbursements**. DOA eliminates pass-through transactions at a statewide level.
- Include indirect cost recoveries as expenditures on the SEFA tab.
- Refunds of Federal revenue should **not** be reported on any of the Federal Schedules.
- Combine grant expenditures and program income expenditures to report the total expenditures for each Catalog of Federal Domestic Assistance (CFDA) number.
- Add the value of nonmonetary disbursements to the monetary expenditures to determine the total expenditures for CFDA numbers that have both monetary and nonmonetary disbursements. (Nonmonetary disbursements and ending inventory should be identified in the **Footnote Schedules**.)
- Use the hard copy or on-line (www.cfda.gov) version of the Catalog to verify the CFDA numbers and program names.

Federal Schedules

Important Items-Federal schedules template (continued)

- **Do not use CFDA number 00.000.** Contact the entity that provided the funds to determine the correct and complete CFDA number. At a minimum, each entity is required to identify the Federal grantor agency with the first two digits of the CFDA number (i.e., 10.000, 93.000).
- Do not report the expenditure detail for different grants within one CFDA number on the schedules. Instead, sum the expenditures and report the total expenditures for each CFDA number.
- OMB Circular A-133 defines research and development “as all research activities, both basic and applied, and all development activities that are performed by a non-profit organization.”
 - Research is a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. Research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development.
 - Development is the systematic use of knowledge gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes.

Important Items-Pass- through schedules

Do not include payments to vendors under contract for the purchase of goods and services on the pass-through schedules.

The medium through which payment is rendered (IAT, check, etc.) does not determine whether the relationship is vendor or subrecipient.

A **subrecipient** is “any person or government department, agency, or establishment that receives Federal financial assistance to carry out a program through a State or Local government, but does not include an individual that is a beneficiary of such a program.”

Consider the following characteristics to identify a subrecipient or vendor relationship.

Federal Schedules

Important Items-Pass-through schedules (continued)

SUBRECIPIENT

- Determines who is eligible to receive Federal financial assistance.
- Has its performance measured by meeting the objectives of the Federal program.
- Has responsibility for programmatic decision making.
- Has responsibility for adherence to applicable Federal program compliance requirements.
- Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

VENDOR

- Provides the goods and services within normal business operations.
- Provides similar goods or services to many different purchasers.
- Operates in a competitive environment.
- Provides goods or services that are ancillary to the operation of the Federal program.
- Is not subject to compliance requirements of the Federal program.

DOA strongly encourages communication between entities exchanging Federal pass-through funds. Such communication ensures consistent reporting and reduces the time required for statewide compilation and audit. Contact Penny Williams at DOA if the agency needs assistance with identifying the Federal contacts at other agencies.

DOA will perform a variance analysis for pass-through funds received and pass-through funds disbursed among State agencies / institutions. DOA will investigate significant variances, and **State agencies / institutions will be required to explain these variances IN WRITING by a due date to be determined in future communications.**
